

# Mouse Blaster

## Patented Technological Advancement

- ✓ No Harmful Chemicals
- ✓ Fast results
- ✓ Low Power Consumption
- ✓ Safe around children & pets
- ✓ Powerful Ultrasonic & Electromagnetic

### Switch

The switch gives you the option of setting the Green Light LED on 3 different options namely "ON, SENSOR or OFF".

### Transducer Ultrasonic

We've upgraded our ultrasonic speaker to a transducer making its ultrasonic output the most effective ultrasonic speaker we have ever put into production.

### Green Light LED

The green light technology is specially designed and fine-tuned to trick and distract rodents by scaring them away from that specific area.

### Electro-Magnetic

The electro-magnetic technology is our long trusted technology that has proven and shown its effectiveness year after year.
